PROFESSIONAL SUMMARY

Web Developer with more than a year of experience building scalable, modern web applications using React, Next.js, and JavaScript (ES6+), TypeScript. Experienced in developing reusable UI components, integrating REST APIs, and optimizing performance for production applications. Passionate about building maintainable systems and delivering high-quality user experiences.

TECHNICAL SKILLS

Languages:	TypeScript, JavaScript, HTML5, CSS
Frameworks & Libraries:	React, Tailwind CSS, SCSS, Node.js, Express.js, Vite, Next.js, Shadcn/ui
Version Control:	Git, GitHub
Database:	MongoDB

PROFESSIONAL EXPERIENCE

MERN Stack Developer

Jun 2025 – Jun 2026

Kitwosd IT Support Center · Kathmandu, Nepal

- Promoted from Intern to full Developer within 3 months (Jun 2025 – Sep 2025 as Intern).
- Engineered and deployed full-stack web applications using the MERN stack with TypeScript and Next.js.
- Designed and built RESTful APIs handling authentication, CRUD operations, and business logic.
- Developed responsive React interfaces using Tailwind CSS with strong focus on UX and performance.
- Optimized MongoDB schemas and queries to support scalable, high-volume data operations.
- Delivered end-to-end features across a job portal, lead management system, and eCommerce platform.

PROJECTS

StudyPath Nepal

studypathnepal.me

Stack: MongoDB, Express.js, React.js, Node.js, TypeScript, Next.js, Tailwind CSS

- Built a comprehensive platform to simplify study-abroad decisions for Nepali students, enabling comparison of universities, total study costs, IELTS/PTE requirements, scholarships, countries, and top consultancies.
- Designed advanced filtering and comparison tools so students can quickly identify best-fit institutions and understand the full financial picture before applying.
- Integrated consultancy listings and scholarship databases to connect students with verified guidance resources.

Job Portal

jobhubf.vercel.app

Stack: MongoDB, Express.js, React.js, Node.js, TypeScript, Tailwind CSS

- Developed a complete job portal with listing management, advanced search and filtering, and dynamic rendering for both candidates and employers.
- Built type-safe REST APIs and frontend components using TypeScript for improved scalability and code reliability.

Himalayan Local Product Nepal — eCommerce Platform

himalayanlocalproductnepal.com.np

Stack: MongoDB, Express.js, React.js, Node.js, TypeScript, Next.js, Tailwind CSS

- Built a full-featured eCommerce platform showcasing authentic Himalayan local products with dynamic product catalogue, shopping cart, and order management.
- Leveraged Next.js for SSR and SEO optimization; TypeScript ensures robust type safety across the full stack.
- Engineered a modern, fully responsive storefront optimised for performance and user experience.

HelloBajar — eCommerce Platform

hellobajar.com

Stack: MongoDB, Express.js, React.js, Node.js, TypeScript, Next.js, Tailwind CSS

- Engineered a production-grade eCommerce platform featuring product catalogue, shopping cart, order management, and a responsive storefront.

Lead Management System

leadmanagement-xi.vercel.app

Stack: MongoDB, Express.js, React.js, Node.js, Tailwind CSS

- Created a business lead tracking dashboard with filtering, pipeline views, and structured data organisation for tracking students and employees.

Task Management System

taskflowcontext-pc56.vercel.app

Stack: React.js, React Context API, Tailwind CSS

- Built a task planning and tracking app supporting project workflows, priority assignment, status tracking, and team collaboration.

EDUCATION

Bachelor in Computer Application (BCA)

2021 – Present

Madan Bhandari Memorial College, Kathmandu, Nepal · 8th Semester · Focus: Full-Stack Development & Software Engineering
